

Rules and Condition for Court Bookings

- All courts must be booked using the online system myacebook.net available via our website at www.wicklowtennisclub.com.
- Only paid-up members will have access to myacebook.net.
- All players (4 for doubles and 2 for singles) MUST be entered on the system. If there is a change in players, the system must be up-dated to reflect same.
- Courts are currently booked for 1-hour slots during peak periods (Monday to Fri 6.00pm to 8.30pm) Note: There is no difficulty with players playing for longer when a court has not been booked for the next slot. This additional booking can only be made after commencement of the original game.
- Courts may be booked for 1.5 hours in off peak periods
- On-line court booking is limited to 7 days. This is to ensure that members have a fair chance to book courts.
- An individual can make two advance bookings during peak periods (Monday to Friday 6.00pm to 8.30pm) with unlimited play during off peak periods including weekends
- Members are not permitted to advance book courts consecutively.
- You may only play on a court that has been booked in your name. Booked courts are not transferable.
- You must cancel your court and make same available if you do not intend to play. Late cancellations and no shows is unfair to other members, particularly during peak periods. This will be monitored closely by the committee and at their discretion, sanctions may be applied.
